

PROJECT OVERVIEW

# D.O.D. CARGO DELIVERED

IWAKUNI, JP

GLADSTONE, AU

## THE PROJECT:

The multi-purpose vessel, the *Strong Mariner*, transported sensitive cargo for a joint US-Australian military exercise conducted by the U.S. Department of Defense (DOD). Handling the cargo logistics and transportation, voyage planning, load and discharge operations, Foss delivered on time to a remote location with limited infrastructure.

## SERVICES PROVIDED:

- Military Cargo Transportation
- Project Cargo & Logistics
- Voyage Planning
- Discharge Operations

## HIGHLIGHTS:

- Oversaw cargo logistics and transportation throughout the world in support of the US Military's training exercises
- Transported over 50,000 square feet of sensitive cargo between Japan and Western Australia for the international joint-military exercise *Talisman Sabre*
- Safely loaded and discharged cargo at ports with limited infrastructure requiring self-sustaining vessels
- Provided armed security on an as-needed basis to protect the sensitive cargo
